

Life's too short

1 1 4 1
Here today and gone tomorrow, life's too short to borrow sorrow
1 5
Life's too short for me to worry over you.
1 1 4 1
You are gone, you are missin' other lips you are kissin'
1 5 1
Life's too short for me to worry over you

Chorus

4 1
And I'm leavin' (and I'm leavin') and I'm grievin' (and I'm grievin')
4 5
And I'm grievin' (and I'm grievi') cause I'm blue
1 4 1
Here today and gone tomorrow, life's too short to borrow sorrow
1 5 1
Life's too short for me to worry over you

Sometimes I think I'm crazy with these blue days so hazy
Can't realize that you are so untrue
Now I know that you don't love me, and by all the power above me
Life's too short for me to worry over you.

Chorus

I'm through with you forever, for this tie we must sever
I don't have another heart so good and true
It was made for your usin' not for all this abusin'
Life's too short for me to worry over you.
